**Prof. Dr. Ahmed Darwish**

Former Minister of State for Administrative Development, Egypt.

Cairo University, Egypt.

### **Abstract:**

In this short talk, we quickly in a twitter style touch upon 11 keywords that is shaping our current digital transformation era and disrupting many industries and is likely to continue to impact for the next few years.

### **Bio:**

Dr. Darwish received his Ph.D. in Computer Engineering from the University of California, Davis in 1988. He received many awards among them; Egyptian National Engineering Award (1999), Singapore Middle East Eminent Persons Award (2007) and the Life Time Achievement Medal for his distinguished career from University of California, Davis (2017).

His 2 last public positions were Minister of State for Administration Development (2004-2011) with a portfolio of eGov, Institutional Development and Governance and Chairman of the Suez Canal Economic Zone (2015-2017) where he laid the foundation of one of largest Special Economic Zones in the world (461 sq km and 6 ports).

He is a consultant to a number of international organizations (UNDP, WHO, UNICEF, UNIDO, UNESCO, FAO, ESCWA, European Union and World Bank), government organizations and companies in Egypt, Middle East, Africa, Europe and United States.
